

Rotary District 5690 Membership & Foundation Seminar Saturday, October 10, 2009

Shears Technology Center—14th & Plum Streets
Hutchinson Community College — 8:15 a.m. - 3:30 p.m.

You won't want to miss this unique Membership & Foundation Seminar this year because there will be . . .

- *No attendance fee for every 3rd person from your club attending this seminar* (see note)*
- *No fancy speeches*
- *Active participation and interactive discussions of what's on your mind on both topics*
- *A special visit and presentation by our German Group Study Exchange (GSE) Team*
- *Great take-aways such as action plans you can actually use in your own club*

This could be the most important meeting you attend all year. We will use a combination of separate breakout sessions and bring it all together in General Sessions throughout this important learning session designed for ALL club members and club leaders.

Who should attend: Membership & Foundation Committee Chairs, Club Officers and anyone who wants to be part of the two most important issues in Rotary and in our District 5690. Anyone who wants to meet the German GSE team and hear their presentation should also attend.
